Disposition of 30 wells.xlsx

Hi Rob,

Michele and I looked at the list you provided below and came up with the following list as the 30 wells. I also included the current status per your May 28 spreadsheet. Please confirm that the list below and status are accurate per your records.

Thanks again for your help!

Michele:

Here's the 53 WD wells that were potentially impacting water supply wells that were associated with a 13267 order. You will need to subtract those wells that the Division order shut-in (23 wells) to get the 30 wells in question.
